

CNC turned Components machined components

CNC Turned Components Machined Components

Aluminium CNC turned Components Aluminium Screw Machine products Screw machine Components Aluminium components

Aluminium Turned Components are made on high speed CNC machines where we offer precision turned components machined Components are made using following alloys-

AA no	Rp 0,2	Rm	A5%	HY10	Youngs modulus
	MPa	MPa			GPa
6082	270	310	12	100	69
6082,52	320	350	10	110	69
7108,70	400	420	10	130	72
7021	500	520	8	160	74

National reference specifications*

	NS	DIN	SIS	UK	USA
AA 6082	17305	AlMgSi1	144212	6082	6082
AA 7108	AlZnMgZr			7020	7108
AA 7021					7021

- Aluminium Components made by CNC for Electrical industry
- Insulator tranformer components
- Custom CNC components machined components turned components
- Automotive components Engine components

- CNC turned screws fasteners
- Rack and pinion components
- Brass CNC components

ADDEESS:**CONEX ALUMINIUM COMPONENTS**

Plot 12, GIDC Ind estate

Udyognagar

Jamnagar 361005 Gujarat
